# Permafrost

## **Introduction to Permafrost**

*Monday Nov. 13: 6-8pm*

**Kevin Bjella**

*Cold Regions Research and  
Engineering Lab,  
U.S. Army Corp*

This class will provide an overview of permafrost. It will help you to know what to look for when deciding to build in a certain location and provide suggestions for how to go about building on permafrost.

## **Permafrost Foundations**

*Monday Nov. 27: 6-8pm*

**Bruno Grunau**

*Cold Climate Housing  
Research Center*

This class will provide tools to help deal with building on permafrost. It will describe a step-by-step way of evaluating permafrost, developing ways to build on it, and mitigating problems caused by permafrost.

**Location:** **Cold Climate Housing Research Center**  
*1000 Fairbanks St.*

**Cost:** **Non-CCHRC members:** \$25/class  
**CCHRC members:** \$15/class

*CEU certificates will be available for \$10. Register now, space is limited!*
